FWD Term Life Plus is a non-participating, regular premium life insurance plan.

Product benefits

Death Benefit

If the person insured dies within the policy term while the policy is active, we will pay the sum insured less any amounts owing to us. The policy will terminate once this benefit is paid out.

While we assess the death claim, if the claimant needs financial assistance to prepare the funeral, we will offer an advance payment of S\$5,000 after we receive the death certificate. This funeral financial assistance will be deducted from the final sum paid out for the Death Benefit. Our advance payment of this funeral financial assistance does not mean we have approved the death claim. If the death claim is not approved after our assessment, this advance payment must be returned to us.

Terminal Illness Benefit

If the person insured is diagnosed with terminal illness within the policy term while the policy is active, we will pay the Terminal Illness Benefit which is equal to the Death Benefit. The policy will terminate once this benefit is paid out.

Terminal illness refers to any medical condition that, in the opinion of a medical practitioner, is expected to lead to death within the next 12 months. Please note that in recognition of medical advances, we do not consider AIDS to be a terminal illness.

Product benefits

Spouse Benefit

If we pay the Death Benefit or Terminal Illness Benefit under your policy, your legal spouse can ask us to issue him/her a new complimentary insurance policy without any underwriting:

- with a sum insured of 50% of the Death Benefit under this policy or S\$250,000 (whichever is lower), payable if he/she dies or suffers from terminal illness; and
- with a policy term of 1 year.

The legal spouse must be aged 55 years old or under at the time of his/her complimentary policy issuance. The complimentary insurance policy issued to your legal spouse cannot be renewed or extended beyond the first 1 year.

Option to Increase Sum Insured Benefit

You can apply to increase your sum insured without providing us evidence of good health if the person insured experienced a life event and if the following conditions are met:

- The life event must happen while your policy is active and we must receive satisfactory evidence of the life event;
- The life event must occur before the person insured attains age 50 at age of last birthday;
- The application for this increase of sum insured must be submitted within 90 calendar days from the occurrence of the life event;
- The policy is fully underwritten and issued on standard terms without any loadings or exclusions;
- On the date of the application for this increase of sum insured, there are no previously admitted or submitted claims under this policy or any of the attaching riders; and
- All the premiums under this policy and the attaching riders are paid up to date.

The following rider benefits shall apply only if you purchase the additional rider, and it is reflected on your Policy Schedule or an endorsement after purchase.

Total and Permanent Disability Benefit

If the person insured becomes totally and permanently disabled before attaining age 65 while the rider is active, we will pay 100% of the selected sum insured after deducting any monies you owe us on your policy.

Upon a claim for total and permanent disability, the sum insured payable upon death will reduce by the sum insured payable for total and permanent disability. We will reduce all future premiums in proportion to your revised sum insured. If you have made a claim for other benefits which reduces the sum insured upon death to be less than the sum insured payable for total and permanent disability, we will cap the amount payable for the Total and Permanent Disability Benefit at the reduced Death Benefit sum insured.

The policy will terminate if the sum insured payable for total and permanent disability is the same as the sum insured upon death.

- Disabled to such extent as to be rendered totally unable to engage in any occupation, business or activity for income, remuneration or profit and the disability must continue uninterrupted for at least six consecutive months from the time when disability started. For angioplasty and other invasive treatment for coronary artery, we will pay 10% of the selected sum insured subject to a maximum amount of S\$25,000. This benefit for angioplasty and other invasive treatment for coronary artery is payable once only. Upon a claim for angioplasty and other invasive treatment for coronary artery, the sum insured payable upon the other critical illness will reduce by the sum insured payable for angioplasty and other invasive treatment for coronary artery. We will reduce all future premiums in proportion to your revised sum insured.

Upon a claim for critical illness, the sum insured upon death will reduce by the sum insured payable for critical illness. We will reduce all future premiums in proportion to your revised sum insured. If you have made a claim for other benefits which reduces the sum insured upon death to be less than the sum insured payable for critical illness, we will cap the amount payable for the Critical Illness Benefit at the reduced Death Benefit sum insured.

Coverage renewal

Coverage renewal option (applicable if you have chosen one-year (renewable) coverage period)

The period of insurance is one year. If this policy (including any attaching rider) is valid at the end of the period of insurance, we will automatically renew this policy by one more year if:

- Your policy is still active; and
- You have not turned 100 yet.

You can choose not to renew this policy by writing to us 30 calendar days before the end of the period of insurance.

The premium we charge you for the next year will be the same as the premiums we charge people who have the same age, gender, occupation, sum insured, and smoking status as yourself for the same policy on the day your policy is renewed. We will not take into account any changes in your health to allow your policy renewal, but any conditions we made when we first issued the policy (such as charging higher premiums because of a health condition you had) will apply to your policy renewal.

Total and Permanent Disability Benefit add-on rider (if applicable) ends when you turn 65, even if you renew your policy after you turn 65.

Premium

Premiums are payable throughout the period of insurance. You can pay your premium by monthly, quarterly, half-yearly or yearly installment.

Apart from Critical Illness Benefit rider and Premium Waiver Benefit rider, we guarantee your premium will stay the same throughout the period of insurance. We may revise your Critical Illness Benefit rider or Premium Waiver Benefit rider premium by giving you at least 30 calendar days' notice in writing.

If you have chosen one-year (renewable) coverage period, the premium stated in your policy illustration for future renewals is not guaranteed. We may revise your premium by giving you at least 30 calendar days' notice in writing.

3. When will your policy end?

Your policy ends on the earliest of the following dates:

- When the total benefit amount we pay from the policy equals 100% of the Death Benefit;
- The end of the period of insurance and this policy cannot be renewed anymore (if applicable);
- 62 calendar days after a premium due date, if we do not receive your due premium before then;
- The day before the next premium due date if you request to cancel (terminate) your policy; or
- Any other event that leads to a termination, as stated in this policy, such as providing inaccurate information, submitting a fraudulent claim, or if we are required to do so under the laws or regulations of Singapore.

If you choose to terminate your policy early and you have paid your premiums, your policy will continue to provide coverage up to the day before the next due date for the premium payment.

4. Exclusions

This policy has certain general exclusions, meaning situations where we won't pay a benefit under your policy. We list below the exclusions that apply to your policy. We may also apply specific exclusions to your policy when we offer to issue your policy. If any specific exclusion applies to certain benefits, we will record the details in a policy endorsement.
